RE: Letter of Recommendation for Interstate Engineering GIS Services Provided

To whom it may concern,

I am pleased to offer my recommendation of Interstate Engineering for the GIS services they provide. The City of Sheridan has been working with Interstate Engineering for two years.

Within this time period they have provided accurate and detailed GIS services. I have experienced a highly motivated, hard-working team who consistently delivers a thorough product while displaying great dedication towards their professional duties. I strongly believe that Interstate Engineering will exceed the expectations of your needs.

Respectfully,

A handwritten signature in blue ink that reads "Hanns Mercer". The signature is fluid and cursive, with the first name "Hanns" and last name "Mercer" clearly legible.

Hanns Mercer, P.E.
City Engineer
